General terms

in accordance with ÖNORM EN 15085-2

Revocation of the certificate

The National Security Agency or the certification body that issued this certificate can revoke the certificate if:

- ✓ there are justifiable doubts about the proper execution of the welding work in accordance with the mentioned standards,
- ✓ there are justifiable doubts about proper welding supervision in accordance with the mentioned standards,
- ✓ approved welding supervisors are no longer present,
- ✓ there are no valid qualification certificates for the welders and welding personnel in accordance with the mentioned standards,
- ✓ non-qualified welders or welding personnel have been entrusted with the welding work as per the mentioned standards,
- ✓ other requirements in accordance with the mentioned standards are not met,
- ✓ the certification body was denied the possibility of carrying out the annual monitoring,
- ✓ the welding workshop foregoes the certificate.

The revocation should be confirmed in writing to the certification body by the welding workshop. The National Security Agency should be notified by the certification body.

If a valid certificate needs to be extended, then a renewal application should be submitted to the certification body at least **two months** before the validity expires.
